Accommodation

Your accommodation is situated in a wonderful countryside setting and provides a unique and relaxing holiday environment. It is superbly equipped and beautifully styled so what could be more enjoyable than watching the sun set from your private deck?

Our maintenance and housekeeping teams have fully checked the lodge prior to your arrival so we are confident that you will have a trouble-free stay. However if you do find something amiss, or if something goes wrong during your stay, please advise us as soon as possible.

All our accommodation is NON SMOKING. An ashtray can be found under the sink if you do require a cigarette; however you are cordially requested to smoke outside the lodge. Smoking inside the lodge may result in a claim against your security deposit.

Barbecues

For customers staying in our lodges you are welcome to bring your own BBQ or use a disposable BBQ on the gravel area beside your lodge. We request that disposable BBQs are not placed directly on the decking as this will result in damage.

Boiler

Your boiler operates your hot water system and, unless your lodge has electric heaters, will also power your heating system which is either radiators or under floor heating. If you have any problems with either your heating or your hot water, please contact reception and a member of our maintenance team will have a look for you.

Children's Safety Policy

As a family orientated Holiday Park Operator, the safety of our customers, including children, is of paramount importance. Should your child go missing report immediately to reception; all team members are trained in the procedure for finding lost children.

Departure Time

We would request that you DEPART your lodge by 9am on the last day of your stay. Please lock your accommodation using your mobile app. If you have a door card it must be returned to reception before you leave. If you wish to leave early please bring your card to reception and pop your card in the post box inside our reception area. There is also a postbox outside the front gate for your key fob.

Safety

Please familiarise yourself with the exit route from your lodge.

All necessary fire and safety precautions must be taken when using portable barbecues. All lodges have smoke detectors. We check the batteries regularly however, if you do need a replacement battery during your stay, please contact reception.

In Case of Fire

Please only attempt to put the fire out if there is no danger to you. Call 999 and ask for the fire service. Give your lodge number and our address:

**Dartmoor View Holiday Park, Whiddon Down, Okehampton,
Devon EX20 2QL.**

Our public areas are fitted with smoke alarms. If the alarm sounds, please evacuate the building following the instruction of our team members who are fully trained for this eventuality.

Gas Safety

All our gas boilers and appliances are installed and inspected regularly by our safe, registered engineers. Your lodge is equipped with a carbon monoxide tester which we have checked prior to your arrival.

If you suspect a gas leak inside your lodge:

- Open all windows and doors to ventilate the area.
- Turn off all appliances, extinguish any naked flames and do not activate any switches or equipment.
- Isolate the gas supply outside the accommodation by closing the cylinder or emergency control valve.
- Advise reception or call the after-hours emergency mobile number 07585 301613 and inform them that you suspect a gas leak.
- Evacuate the accommodation, and do not re-enter or turn on the gas supply until a registered gas engineer has investigated the area and declared the unit safe.

Hot Tub

We trust that you will enjoy your hot tub. We are certain that this will be one of your special holiday memories. Our maintenance team have cleaned and checked your hot tub prior to your arrival. A member of the team will check the hot tub at regular intervals during your stay. We would kindly request that you do not enter the accommodation with wet feet.

The hot tubs are set on a heater/filtration timing system which runs daily between 8am and 10.30pm.

Please do not adjust the programme button, please ask maintenance to do this for you.

In case of emergency while using your hot tub the main isolator switch is located on the decking. This large red switch will immediately stop the hot tub.

- To turn the hot tub on press the high power jet button
- To turn the light on press the light button on the keypad
- To add more air bubbles twist the tap to open; close the tap to reduce the bubbles. (On some tubs only)
- To increase the temperature press the up arrow on the key pad until the required temperature is reached. Water temperature will increase at approximately 2 degrees per hour if the hi jets are off and tub lid is closed
- To decrease the temperature press the down arrow. Water temperature will decrease slowly according to the ambient air temperature.

Please DO NOT add bubble bath, or use soap or shampoo whilst in your hot tub.

We would kindly request that you do not enter the accommodation with wet feet or sit on furniture in wet swimwear.

Hot Tub Health & Safety

We take your health and safety extremely seriously and while we want you to enjoy your hot tub we also want it to be a safe and enjoyable experience.

Please familiarise yourself with the following information:

- Keep the cover on the hot tub when you are not using it.
- Shower before and after use.
- Maximum bathe time 15 minutes.
- Only use your hot tub between 0830 - 2230.
- Excessive use may lead to skin irritation/heat rash/dizziness.
- Cool off & shower before re-entering.
- Never use the hot tub whilst under the influence of alcohol.
- Never use the hot tub during a thunder storm or when lightning is forecast.
- Always tie back long hair – this will stop it getting sucked into filters.
- We strongly recommend children under the age of 8 do not use the hot tub.
- No diving into or ducking under the water.
- Children under the age of 14 must be supervised at all times.
- We strongly advise you not to use the hot tub if you are pregnant.
- We use chlorine and bromine in our hot tubs – if you are allergic to either of these chemicals please do not use the hot tub.
- The jets will supply bubbles - never add any detergents or chemicals to the hot tub. You could damage the hot tub or cause a chemical reaction which could damage you!
- We suggest you remove all jewellery before using your hot tub.

We take the care and cleanliness of your hot tub extremely seriously and we respectfully request that you do the same. This will ensure your enjoyment throughout your stay.

Launderette

Used at your own risk as no refunds available at this time due to not handling money by team members. Some of the units may have washing machines inside. Please check facilities for your holiday on Hoseason's booking information.

Oven & Grill

The Oven (Gas)

The oven is heated by gas.

To light the oven turn the oven selector to the desired position and depress either the knob or the igniter button to light the gas. Hold the knob for five seconds before releasing. You can then select the gas mark you require.

The Grill

The grill is also heated by gas. Follow the procedure for gas ovens using the grill selector. Please ensure the door is kept open when the grill is being used.

Parking

There is one parking space per lodge. If you have additional cars please park them in the reception car park or outside in the layby.

Park

Whilst the area is widely regarded as one of outstanding natural beauty we would remind guests that extreme care should be taken when walking. You should always keep to the established footpaths. Small children should be supervised at all times.

Pets

In order to ensure the enjoyment of everyone we would ask that you adhere to the following:

Keep your dog on a lead

You must keep your dog on a lead at all times when walking through the park. This applies to all dogs irrespective of how well trained they are!

Do not allow your dog to foul indiscriminately

Please ensure you always pick up any deposits left by your dog and place in the appropriate bins.

Dogs are not permitted in the following areas:

- The children's playground
- Swimming pool
- In any of the holiday homes or lodges on hire, unless specified as a pet friendly unit

Sewage/Drainage

Our sewage and drainage system is not a mains system. Please be mindful that introducing foreign objects into the toilet such as baby wipes, cooking fat/oil, toilet wipes, nappies, sanitary products, condoms or cleaning cloths can cause the pumps/system to block, leaving you unable to flush your toilet or drain your sink.

We respectfully ask for your co-operation to ensure the above doesn't become an issue for you during your stay with us.

Television

All our televisions are linked to Freeview so you have a full choice of channels available. Batteries are included for the remote control.

Waste & Recycling Information

Waste Collection

Our waste bins are located in wooden bin bays throughout the park. We would ask that rubbish bags are placed directly into the lidded bins and any items that are recyclable can be placed in the separate bins provided.

Recycling

As part of our commitment to the environment and our desire to preserve the beauty of this part of the country we are committed to reducing waste and recycling as much of our rubbish as possible. If you would like to join us we have the following recycling available:

We recycle	Description	Location of recycling point
